PREFACE

This report is part of a series of reports on the 1945 Census of Newfoundland, and gives the final figures for fisheries by census district. Data by settlement will be published in a complete report on the Census of Agriculture and Fisheries for Newfoundland to be released at a later date.

Table 19 gives data on boats, vessels and fishing gear together with comparative data from the 1935 Census. Table 20 gives the district figures on fishing gear and fishing rooms, while Table 21 gives the total number and tonnage of fishing boats and vessels by census district.

The reports in this series represent final tabulated results from the Census of Population, Agriculture and Fisheries, taken by the Newfoundland Government in 1945. These tabulations have been carried out in the Dominion Bureau of Statistics at the request of Newfoundland.
